PILOT TRAINING

FLIGHT SAFETY

EACH FLIGHT BECOMES A **TRAINING** OPPORTUNITY!

The **1st mobile service** that makes own-flight visualization available for each pilot right after landing, whenever, wherever wanted!

- ✕ quick and user-friendly
- ✕ highly secure connections

BENEFITS

- ✕ objectivity in **crew debriefing**
- ✕ **EBT** brought to an individual level
- ✕ daily improvement of own proficiency
- ✕ **understanding** of complicated situations
- ✕ easy continuous **self-training** & know-how sharing

**ALREADY USED BY 3000 PILOTS
OF A MAJOR AIRLINE!**

- ✕ **take offs**, landings and go arounds
- ✕ personal & **confidential** access

BRING YOUR FLIGHT DATA TO **LIFE!**

The **most widely used**, powerful & easy-to-use animation software for

- ✕ pilot training
- ✕ FOQA | FDM event validation & investigation
- ✕ accident | incident investigation

BENEFITS

- ✕ improvement of **situational awareness** to safety issues
- ✕ SOP adjustment for **improved safety** | maintenance
- ✕ refined **understanding** for aircraft & avionics designers & manufacturers
- ✕ flight path & fuel consumption optimization | **airport familiarization**
- ✕ raw binary data or integration of **all kinds** of FDM systems

**FEATURES THAT MAKE
THE DIFFERENCE**

- ✕ precise **cockpit** displays of numerous aircraft types
- ✕ TCAS | **nav charts** | METAR | 3D object import | video export
- ✕ high resolution terrain of the whole world
- ✕ animated **pilot hands**
- ✕ video & audio **import**
